Comment:

Contrary to the well-known locomotive columns of the Soviet zone operating with German personnel on Soviet orders, the column mentioned in this report is a purely Soviet affair. The personnel and the number of locomotives assigned to Soviet Locomotive Column No 42 are not known. It remains to be seen whether:

- a. This column will continue to function from Brest as its base, or whether:
- b. The Soviet "Blue Express" will be operated by a German locomotive column.
